THE IMPORTANCE OF THIS MONTH'S STUDY:

Have you ever wondered how the stories and prophecies of the Old Testament connect to Jesus—or how something written thousands of years ago actually applies to your life today?

This month's study bridges that gap by pairing Old Testament chapters from Exodus and Isaiah with New Testament chapters from Matthew, Luke, John, and Ephesians. Each Old Testament reading foreshadows the fulfillment you'll see the next day in the New Testament, showing how God's promises, patterns, and prophecies point to Christ. Reading them together helps you see the Bible as one unified story and strengthens your understanding of God's faithfulness across time. By the end of the month, you'll see how the Old Testament points to the New and grow in your ability to study Scripture thoughtfully and apply it to your life.
